I have given careful consideration to your letters and other arguments that have reached me, but I cannot see at present anything but conflicting interests with no general purpose to harmonize and find a way for the reconstruction of the company. Therefore "the emergency" and public duty to which your letter so earnestly refers is not open to me at the present time. sident Earle, of the Finance Company, stated

to-day that the Finance Company received the asent of \$30,000,000 general mortgage bonds. Includfigures will reach \$34,000,000. Philadelphia assented 413,079 shares of stock and upward of \$15,000,000 preference income bonds. These may now be withdrawn of may be left with the committee pending further developments.

The Lake Street Elevated Raliroad Company on December 28, 1894, deposited certain moneys with this bank to meet said interest coupons due January 1, 1895. Other parties now insist that those moneys belong to them, and that said moneys should be applied, not toward the payment, but only toward the purchase for them of said coupons. If it be hereafter judicially determined that their position is correct, then the said coupons so maturing on January 1, 1895, and taken up by this bank, will be turned over to them as purchasers thereof, uncancelled by said bank. Unless you consent to the conditions of this notice the undersigned must decline to take up said coupons. THE AMERICAN TRUST AND SAVINGS BANK, Trustee.

Well informed people were disposed to view the matter as a shrewd move on the part of large owners of the stock who by defaulting on six months coupons can have the mortgage foreclosed and in this way obtain absolute control of the property. As far as could be learned not many signed the agreement. Litigation is likely to follow the failure to pay to-day's interest.

### A TEXAS RAILWAY SCHEME.

Chicago, Jan. 2.-A dispatch from Topeka, Kan., says: "It leaked out that one of the purposes of the recent visit to Texas of Judge Caldwell, who appointed the receivers of the Atchison, Topeka and Santa Fe, was to consider a proposal made by the management of the Gulf, Colorado and Santa Fe Railroad to build a line from Fort Worth, Texas, to the coalfields in Jack County, that State. Judge Caldwell was consulted because of the stockholding, interests of the Atchison in the Gulf, Colorado and Santa Fe. He approved the project, and it is understood a loan of \$1,00,000 has been arranged to carry forward the project to immediate completion."

TO EXPERIMENT WITH A GAS MOTOR. Baltimore, Jan. 2 (Special).-Gas generated from gasoline is to be the motive-power for a new railroad now being constructed from Crisfield, Md., to Tangler Sound. New-York and Chicago capitalists are in the company that propose to introduce this European system of rapid transit into this country. intended to use electricity as the motive-power, but sufficient home capital could not be secured and the projectors sought outside money, and found it in New-York and Chicago. Those capitalists were de-sirous of trying the gas system, and saw in this new road a chance for the experiment. The system is not a new one. It has been tried in Berlin and other cities in foreign countries, where it is said to be working well and fast supplementing electricity as the propelling power for street-railway cars.

### EVANS- IS SAFE IN POTISVILLE.

William Evans, the man who gave himself up at Pottsville, Penn., on Tuesday, and said that he had orged checks in this city to the amount of \$11,000, is wanted by the police here, but it is not likely that he will be brought back, as the complaint against him is a trivial matter. Inspector McLaughlin said that Evans is charged with passing a worthless check for only \$11, on J. B. Smith, of No. 56 Warrenst. The Inspector said there was no other charge against the man. The police will not bother with him.

HIS AIR TUBE CAMB OUT AND HE DIED. Lambert Gileweiler, a driver, of No. 321 East Forty-fifth-st., had a cancerous growth in his throat which required an operation at St. Luke's Hospital on June 15 last. In order to breath he had to have a silver tube inserted in his trachea. Yesterday morning early, while cleaning this tube with a wire and a piece of cloth, he accidentally regulad it. pulled it out and was unable to get it in again.

Since the operation he has not been able to speak and a long time was wasted before he could make his sister, with whom he was living, understand what was the matter.

When an ambulance arrived Dr. Huebner was unable to reinsert the tube and the man was taken to the hospital. He arrived shortly before 8 o'clock. The doctors managed to get the tube back again, but from exhaustion and strangulation, which he suffered during the long wait. Gileweller died at 10:55.

### SKATING IN PROSPECT PARK.

The lake in Prospect Park, Brooklyn, was thrown open to skaters yesterday, and many thousands of persons enjoyed the ice in the afternoon and evening. There was a great throng of visitors in the evening, and the ice was illuminated for their benefit. There was not sufficient ice for skating under the bridges but arrangements were made for passing around the weak places. If the weather continues cold the larger lake will be thrown open to-day.

### JAPANESE PRISON DESCRIBED.

At a meeting of the Prison Reform Committee of At a meeting of the Prison Reform Committee of the Society of Friends, held last evening, at Sixteenth-st. and Rutherfurd Piace, Mr. Rounds, secretary of the Prison Reform Society, delivered an address on prisons in Japan. He said that in 1867 the most barbarous prison systems existed in Japan. Nowadays the prisons were in many respects equal to our best reformatory institutions.

Mr. Tomyoki, an intelligent Japanese, next spoke on the Japan prison system and how it could be improved, and the meeting closed with an address

by Mrs. N. S. Chapman, who spoke on prisons for females. She described the conditions of the cells as being extremely had so far as provisions for comfort are concerned. J. W. Hutchinson presided, and there were 125 members present.

REPUBLICAN CAUCUSES AT LANSING-THE SHORT-TERM SENATORSHIP.

McMillan was renominated for the long t clamation in the Republican caucus to-night. State Senator Barnard presided over the caucus. The formal presentation speech was made by Senator McLaughlin, of Wayne, and a dozen seconding speeches followed, and then the nomination was

made by a rising vote. The short-term Senatorial caucus is becoming more intense as the hour for the caucus approaches. The three candidates—Senator Patton, Congressman The three candidates—Senator Patton, Congressman Burrows and S. S. Olds—each profess to entertain the utmost confidence in the results and claim steady gairs. The Burrows campaign has been placed in charge of James M. Shepard, who managed Luce's campaign, and the first order was that if any man failed to look cheerful he would be drummed out of camp. The Olds contingent is the only one that gives names of votes gained, and for that reason his claims seem the more tangible. The McMillan influence, which has heretofore been withheld, is to-night going over to Olds, but not bedily. The short-term caticus will be held to-morrow night and will be presided over by Speaker Gordon, an Olds man.
